Martha sent this to me as I am coordinating the KC response. These are large meetings in a limited space with folks that have worked together for awhile. We try to limit additional staff to control the discussion. Kathryn Killinger is attending for KC already. Can you find out if Kathryn can cover for Cynthia's concerns? If not, I would like to talk with Cynthia before the meeting. Thanks

Martha, I have been advised that the above meeting is taking place tomorrow, October 31 from 1PM-330PM at the Port of Seattle. Cynthia Stewart, Airport Manager is wanting to attend. Can you please advise specifics on location and room number. Thanks. Marcia Wold for Cynthia Stewart
